**1446 | Top Grain Oil Resistant Goatskin Drivers
Glove With ANSI A6 Cut Resistance and
TPR Impact Protection**

SPECIFICATION SHEET

Description

Tillman's 1446 premium Goatskin drivers gloves have a Para Aramid lining for ANSI A6 Cut Resistance, 5mm TPR impact protection and are protected with Tillman's Oil Resistant shield, a molecular additive that repels oil grease and liquids from penetrating leather. Tillman's Oil Resistant coating causes oil and liquids to bead off the leather keeping hands protected, clean and dry.

Tillman's Oil Resistant shield is infused into the leather during the tanning process so the leather is thoroughly treated so the oil resistant shield will not wash off as gloves and leather wear.
