## ABOUT THE PRODUCT

Our new S15KGVNVIB gloves are designed specifically for workers who face vibration hazards from use of heavy power tools. With 17 individual vibration dampening pads strategically placed in high-risk areas, these gloves offer protection where it's needed most while maintaining a high level of comfort and dexterity. These gloves also provide 360° ANSI Level A5 cut protection and feature a two-layer palm dip for increased durability and a water-tight seal.
