Standards:	CAN/CSA C22.2 No. 113-15 (10th Ed.), UL 507 (9th Ed.)

Dealer Information:

Save time and money!

Toolless access for speedy on site filter changes and change part maintenance

Perfect Seal 360° cylindrical HEPA filter provides up to 25% more surface area than competitor filters, resulting in longer filter life and fewer filter changes

Perfect Seal 360° delivers balanced particulate loading until filter reaches full capacity

Multi functionality for diverse applications – particulate, VOC or combination

Custom colour housings available. Minimum order quantity required. Contact us for details.
