

N9691 Ninja

Cut Protection Specification Sheet

PRODUCT DESCRIPTION:

MCR Safety Ninja® gloves are engineered to provide the highest level of innovation. Each of the offerings in the Ninja® series include a unique shell and polymer combination incorporating the latest in hand protection technology. Our Ninja® Glove Line offers the greatest assortment of dexterity, sense of touch, and protection. The Ninja® Ice N9691 insulated glove features a 15 gauge nylon / glass cut resistant shell with a 7 gauge acrylic terry interior liner. The black HPT® coated palm and fingertips offer excellent grip and dexterity while helping to repel liquids. The interior of this glove is treated with ActiFresh® which provides odor control and antimicrobial protection. Looking for the best cut resistant winter work gloves for dexterity? Look no further than MCR Safety insulated work gloves?

FEATURES:

- 15 gauge cut resistant shell offers great cut protection
- Acrylic terry lined insulated glove offers excellent cold protection
- The porous HPT coating with Anti-Wet treatment repels liquid for an unprecedented firm grip in wet or dry conditions
- Encapsulated Air Molecules provide a cushioning effect to minimize impact
- HPT Coating provides an anti-wet treatment that keeps liquids away from the glove
- At the same time, allows air to flow through which in turns keeps hands dry
- Coating remains soft in temperatures as low as -4° F
- Treated with ActiFresh® to help control bacteria and odor

APPLICATIONS:

Agriculture, Airport , Automotive , Baggage Handling,
Carpentry, Cold storage applications, Construction,
Landscaping, Material Handling, Salvage, Warehousing
