PD2911

Predator Mechanics Gloves

Cut Protection Specification Sheet

PRODUCT DESCRIPTION:

Just like your 35 inch mudslinging truck tires which protect you from hazards in the woods, grab a pair of the Predator™ powered impact gloves to face the grit-n-grind on the job site! The Predator™ mechanics gloves are constructed with full patented tire tread TPR on the back of the hand and thumb for comprehensive protection. Do you need excellent grip, dexterity and serious protection? The MCR Safety Predator® mechanics gloves will give you the grip, durability and protection you need to handle anything the job throws your way. The PD2911 features a fluorescent lime TPR back that provides ANSI level 1 impact resistance and a black grid pattern patch palm and fingertips tailored to provide grip in dry, wet, or oily conditions. This glove is lined with HyperMax™ material that provides outstanding cut and puncture protection. Hook and loop wrist closures include a panel to write initials to assure identification of owner. Looking for the best impact and cut resistant mechanics gloves? Look no further than MCR Safety!

FEATURES:

- Soft suede synthetic leather palm
- Full Patented tire tread TPR on back of hand
- ANSI level 1 impact resistant back
- HyperMax® lined for excellent cut resistance
- MAXGrid pattern patch palm and fingertips provide grip in dry, wet, or oily conditions
- Hook and loop closure with ID panel
- Synthetic leather fourchettes for comfort

APPLICATIONS:

Agriculture, Automotive, Carpentry, Construction, Demolition, Farming, Landscaping, Manufacturing, Material Handling, Warehousing
