Flexible Sign and Frame System

Get a huge sign at a fraction of the price of a rigid sign. No grommets, wrinkles, snags, or rips!

- Perfect for on premise signage, banners, wall-scapes, and billboards
- Flexible sign is made of a durable vinyl material, hemmed on all sides
- Frame provides a finished look to your sign
- Innovative frame spring system distributes continuous tension evenly, keeping your message tight and wrinkle/sag-free
- Installation or change-out is easy with pull through spring hooks, eliminating the need for grommets, cables, or clips
- Available in several attachment methods to accommodate your specific applications including steel siding, masonry, windows, backlight cabinets, and indoor environments
- Ships pre-measured, pre-sprung, and prepped for out of the box installation at your project location
- Doesn’t require the expensive, slow LTL crating and shipping of ridged signs

Installation Instructions

- Install sign frame bracket
- Place spring tips in sign material
- Secure sign frame
- Install corner and seam covers
