Make / Model / Serial Number: _____

Describe repair needed if known: _____

Conney Safety Products will contact you for approval/decline of repair cost before action is performed on unit(s). Typically, specific units repaired on site at Conney Safety Products will be evaluated within 5 business days. Allow 2-4 weeks if unit(s) are evaluated by the manufacturer.

Customer will be responsible for forwarding the instrument with this form directly to Conney Safety Products. Send unit and possible defective accessories only (such as chargers, pumps, etc...). NEVER send calibration gas unless you are QUALIFIED by the carrier to do so. Calibration Gas ships as Hazardous Material.
