# Who is HOYA?

Founded in Tokyo Japan in 1941, HOYA is a global Med-Tech Company who is a leading manufacturer of optical lenses and coatings. HOYA owns and operates 36 optical labs in the US and many others around the world. HOYA purchased the safety prescription eyewear division from 3M Company in January 2017.

The HOYA Safety Division has operated as a continuous business for over 70 years. After all the changes, we continue to offer dependable service, innovative products and turnkey eye protection programs. We are now poised to offer leading lens designs and materials along with outstanding lens coatings to the safety community through our HOYA connection. Consider the HOYA Safety Division as your one source for prescription eyewear protection. Please contact us to discuss how we can meet your eye protection requirements.

## Capabilities:

- ▶ Years of experience; over 75 years as a continuous Rx safety business
- ▶ Infrastructure in place to serve the needs of individual or multiple location customers
- ▶ Simplified program pricing and options
- ▶ Wide range of HOYA lenses and coatings to fit every work environment
- ▶ Wide range of PENTAX branded safety eyewear to meet every job hazard
- ▶ Nationwide network of professional dispensing services to meet all customers needs
- ▶ Field and internal support teams for fast response

### Professional Fitting and Dispensing Services

The HOYA See Clearly Work Safely Prescription Eyewear program includes complete dispensing services provided by a HOYA partner Eye Care Professional either at their office or at your plant site. Eye Care Professional Locator [www.hoyavision.us/safetyrx](http://www.hoyavision.us/safetyrx)

The Eye Care Professional will assist employees with proper frame and lens selection, take the necessary optical measurements, place the order with the HOYA Safety Division lab, deliver and adjust the finished safety eyewear, and provide routine adjustments and maintenance. The ECP will also handle any warranty needs.

Eye Exams are not part of this program but are available through most of the HOYA Safety Dispensing Network.

## A Customized Safety RX Eyewear Program

HOYA Safety Division

### Program Overview

Choice of 3 different programs to fit your safety budget, environment, and workforce needs

See the accompanying page for detailed information on all three packages.

## All programs include:

- ▶ All lens styles including progressive addition multi-focal lenses
- ▶ Choice of Phoenix or Polycarbonate lens material (Both meet the ANSI Z87 2015 Standard)
- ▶ Clear or tinted safety lenses
- ▶ Selection of Pentax safety frames
- ▶ Permanently attached, integrated, or detachable side shields
- ▶ Professional dispensing services at a HOYA ECP office or your plant facility *(Note: On-site dispensing services are limited to larger plant facilities)*
- ▶ Carrying Case
- ▶ Shipping
- ▶ Comprehensive warranty and remake policy
- ▶ Package 2 and 3 include a choice of a warranted scratch, anti-fog, or anti-reflective coating

### How the Program Works:

- ▶ Distributor Customer selects their program package
- ▶ Customer selects their side shield requirement and any customer paid add-on options (note: side shields are required to be worn for compliance to ANSI Z87.1)
- ▶ A HOYA Safety Specialist will discuss professional dispensing options with the customer
- ▶ HOYA will establish an account profile to ensure the customers employees stay within the program guidelines
- ▶ A link to the distributor customers custom order form will be created and sent to the customer
- ▶ HOYA will schedule a training session to show the customer how to use their order form link
- ▶ Normal turnaround time from order placement to delivery is approximately 2 weeks
- ▶ All safety prescription eyewear will be shipped to the chosen Eye Care Professional for delivery to the customers employee

### Upgrade Options

#### Optional customer paid package add-on items:

- ▶ Photochromic, light changing lenses in gray or brown
- ▶ Recharge, HOYA's high performance AR coating including a blue light filter
- ▶ Polarized lenses

#### Available employee paid upgrades:

- ▶ Any of the optional customer paid items can be paid by the employee
- ▶ Employees may also upgrade their frame if desired
- ▶ HOYA will handle all employee paid transactions directly with the employee at time of order

For more information on our collection of 50+ frame options, visit [www.hoyavision.us/safetyrx/](http://www.hoyavision.us/safetyrx/)
